DG/HS[®]

Core winder belts for tissue converting

Chiorino **DG/HS** core winder belts are designed to **offer highest performances** and **maximize line efficiency** in the demanding process of paper core production.

KEY FEATURES	BENEFITS
Excellent ratio between resistance to abrasion and coefficient of friction	+30% cores produced
HS Unique high performing elastomer	Ideal for high speed machines
Ivory elastomer surface does not mark the paper	Less packaging waste

Service life + 30% vs benchmark

The outstanding **flexibility** and excellent **resistance to twisting** of the **DG/HS** belts guarantee an improved durability compared to the competitor's benchmark.
